

Camino Del Sol Median:

By way of MedianGreen, a Green Valley non-profit organization, which is updating and maintaining (Pima County provides only one annual median maintenance and no re-planting or filling-in) medians in Green Valley, San Ignacio Heights has offered to adopt the long median that runs south from the Camino Estellar to Desert Jewel. Maintenance includes watering, weed picking and cutting of tree suckers.

Volunteering would require about 30 minutes a month and you will need a short safety training as well as a yellow safety vest. If interested, contact Cathy Blodgett at 625-5875 or blodgett@cox.net.
